**The purpose of the seminar:**

The current situation of the European, and in its context the Ukrainian issue of counteracting Russian aggression requires a multilateral assessment in the circles of not only politicians, public figures and experts in the field of economics. This problem needs to be considered in scientific circles as well. This led to organizing a joint international online seminar «***Polish-Ukrainian strategic partnership as a new geopolitical reality***». It is planned to consider the geopolitical role, features and directions of the partnership between Ukraine and Poland in the context of resisting the "forces of evil".

The initiators of the scientific meeting were Faculty of Geography together with Research Centre for European Integration Studies and Communications, Ternopil V. Hnatiuk National Pedagogical University (Ukraine) and Faculty of Social Sciences together with Institute of Socio-Economic Geography and Space Management, Department of Regional Development and Scientific student society of interest to Ukraine, University of Gdańsk (Poland).

**Time of the event:** 11 am – 2 pm (GMT +3)
